

Please Note...

This educational/support/Health Ministry, or any group which develops from it, is not intended to be a substitute for professional help but offers an atmosphere of Christian love and support where the Bible is applied to health concerns.

We present issues of health in the context of Christian discipleship, but we do not:

1. Give medical advice.
2. Do any invasive procedures.
3. Dispense any medications or products that relate to medical health.

Please see your health provider when you need medical advice or assistance.

Health Support Ministry is under the sponsorship and assistance of the New Creation Counseling Center of Ginghamburg Church. For more information, contact Darlene Hansford at 937.845.0819 or 937.667.1069 voicemail 458.

HEALTH

Health Support Ministry

“Beloved, I wish above all things that you prosper and be in health, even as your soul prospers.”
3 John 2

“Do you not know that your body is the temple of the Holy Spirit...therefore glorify God in your body and in your spirit, which are God’s.”
1 Corinthians 6:19

The Mission...

To plan and provide opportunities for people to learn, practice and promote a healthy Christian lifestyle; to provide Christian outreach to the community; to provide opportunities for people to share their gifts and service to others through this ministry; to address the connection of BODY, MIND/EMOTIONS and SPIRIT to attain optimum wellness.

People are encouraged to join this ministry to help improve their own health, to focus on a specific group or study and to plan and expand the ministry.

A form is available for signing up, and persons are encouraged to express their interest in the Ginghamburg servant catalog at www.ginghamburg.org/serve.

A health newsletter is sent to each person interested in becoming an active member of Ginghamburg Health Support Ministry.

How Can This Ministry Fulfill The Mission?

- Promote health through EDUCATION in classes or one-on-one contacts.
- Provide COMMUNITY SERVICE in coordination with established community health providers.
- Provide some PRACTICAL HELP AND EQUIPMENT when possible.
- Provide SPIRITUAL SUPPORT and encouragement.
- Provide INFORMATION on specific health concerns as requested.
