

# RESPECT

Showing others they are important by what you say and do

WEEK 1  
K-1<sup>st</sup>

**BOTTOM LINE:** Show respect to God because He's in charge of everything.

Read 1 Corinthians 10:31

## Park Clean Up

This month is all about respect. Respect means to show others they are important by what you say and do. Take a walk through your neighborhood or a park paying special attention to if there is any trash on the ground. Take the time to clean up and throw away any trash you find. This simple and kind act shows respect to God because He's in charge of everything and He created the beautiful trees, flowers, and grass at the park. **ASK** God for the ability to respect Him and all He created. Say: "God, I know you made everything. Help me to take care of the things you created just like you take care of me. Amen."

## Learn It

At dinner tonight, practice saying this Bible verse out loud with your family in different ways. Whisper it, sing it, say it with an accent. Have fun and see who can remember the verse first.

*So eat and drink and do everything else for the glory of God.*

1 Corinthians 10:31, NIV

**KNOW** that everything you do can show God you respect Him above all.

## Taste and See

Ask someone to make you a healthy snack. **THINK** about the taste of your snack and all the different tasting foods you ate this week. Now remember that God, who is in charge of everything, provides us with the food we eat. You can show respect to God by thanking Him for the food He provides.

## Who Is In Charge? Word Search

Look for words that describe roles where people are in charge.
