We all want to know God. We want God to work in our lives. We want to see certain things happen. We want to see change and growth and movement - but have we positioned ourselves for such things to take place? We were created to be in authentic community. Our small groups serve as our primary place of connection for friendships and spiritual growth within the church. Groups are based on geographical location, gender, marital status and age - whatever you need to take the next step in your faith.
